Plan Note:

Plan Note Status: Finalized
Continue same treatment plan as previous. Reviewed and continue with current medication. Medication adherence education was given to the patient. Patient was educated on benefits of low salt, low fat, low cholesterol diet with current medical issues. Patient was instructed to go to the emergency room for symptoms of chest pain, shortness of breath, headache, blurred vision or systolic blood pressure over 200. No labs needed this visit. The patient verbalized understanding of the above plan, and was given the office number to call for any questions or concern. Discussed the treatment plan with the patient. Prognosis is fair and patient is stable. Reviewed old records of the patient. Follow up appointment in 4-6 weeks.

Asthma continue current plan

Insomnia continue current plan
AR continue current plan
Anxiety continue current plan
Schizophrenia continue current plan

No medication refills needed this visit.
