## Plan Note:

### Plan Note Status:Finalized

Continue same treatment plan as previous. Reviewed and continue with current medication. Medication adherence education was given to the patient. Patient was educated on benefits of low salt, low fat, low cholesterol diet with current medical issues. Patient encouraged continuing weight loss efforts via daily exercise and certain food restrictions. No labs needed this visit. The patient verbalized understanding of the above plan, and was given the office number to call for any questions or concern. Discussed the treatment plan with the patient. Prognosis is fair and patient is stable.

Eczema continue to monitor

OA w/chronic pain continue current plan

Anxiety continue current plan

Bipolar continue current plan

HLD continue current plan

Chronic Pain Syndrome continue current pain medication

Depression continue current plan

Schizophrenia continue current plan
