Plan Note:

Plan Note Status:Finalized

Continue same treatment plan as previous. Reviewed and continue with current medication. Medication adherence education was given to the patient. Patient was educated on benefits of low salt, low fat, low cholesterol diet with current medical issues. Patient encouraged continuing weight loss efforts via daily exercise and certain food restrictions. No labs needed at this time. The patient verbalized understanding of the above plan, and was given the office number to call for any questions or concern. Discussed the treatment plan with the patient. Prognosis is fair and patient is stable. Reviewed old records of the patient. Follow up appointment in 4-6 weeks.

1. Cold/congestion, continue to monitor.
2. Epilepsy, continue current plan.
3. Hypertension, continue current plan.
4. Asthma/chronic obstructive pulmonary disease, continue current plan.
5. Hyperlipidemia, continue current plan.
6. Diabetes mellitus type 2, continue current plan.
7. Depression, continue current plan.
8. Anxiety, continue current plan.
9. Vitamin D deficiency, continue current plan.

No medication refills needed this visit.
