Plan Note:

Plan Note Status:Finalized

Continue same treatment plan. Reviewed and continue with current medication. Medication adherence education was given to the patient. Patient was educated on benefits of low salt, low fat, low cholesterol diet with current medical issues. Patient was instructed to go to the emergency room for symptoms of chest pain, shortness of breath, headache, blurred vision or systolic blood pressure over 180. Patient encouraged continuing weight loss efforts via daily exercise and certain food restrictions. No labs needed at this time. The patient verbalized understanding of the above plan, and was given the office number to call for any questions or concern. Discussed the treatment plan with the patient. Prognosis is fair and stable.

1. End-stage renal disease, continue current plan.
2. Diabetes, continue current plan.
3. Gout, continue current plan.
4. Neuropathy, continue current plan.
5. Hypertension, continue current plan.
6. History of pneumonia, continue current plan.

Prognosis is fair.

Medical Problem:

Description	Status	Start Date	End Date
Gout, unspecified (ICD10:M10.9 Gout, unspecified) Unknown or N/A	Active	2016-11-23
