Plan Note:

Plan Note Status:Finalized

Continue same treatment plan as previous. Review to continue same medications, no new medications noted this visit. Medication adherence education was given to the patient, and the patient educated on the benefits of low salt, low-fat, low cholesterol diet with current medical conditions. Patient was instructed to go to ER for symptoms of chest pain, shortness of breath, excessive headache, blurry vision or a systolic blood pressure greater than 200. Patient encouraged to exercise daily. No

labs needed this visit. The patient verbalize understanding of the above plan and was given the office number for any questions or concerns. Prognosis is fair and patient is stable.

1. Lumbago with chronic pain, continue current plan.
2. Neuropathy, continue current plan.
3. Hypertension with vascular complications, continue current plan.
4. Chronic pain syndrome, continue current pain medication.
5. Diabetes mellitus type 2 with neuropathy, continue current plan.
6. Hyperlipidemia, continue current plan.
7. Asthma, continue current plan.

Medication refills as follows:

Norco 10/325 mg t.i.d.
