The encounter with the patient was in whole or in part for the following medical condition which is the primary reason for home health care and HOW LONG: (List medical condition)

Alzheimers DZ, HTN, Dementia, DM2, Chronic UTI's

I certify that, based on my findings, the following services are medically necessary home health services:

- ☒ Nursing
- ☒ Physical Therapy
- ☐ Occupational Therapy
- ☐ Speech-language Pathology

To provide the following care/treatments: (Required only when the physician completing the face to face encounter documentation is different than the physician completing the plan of care):

My clinical findings support the need for the above services because:

SN noted due to Alzheimers DZ and Dementia.

Further, I certify that my clinical findings support that this patient is homebound (i.e. absences from home require considerable and taxing effort and are for medical reasons or religious services or infrequently or of short duration when for other reasons) because

Patient is home bound due to dementia + alzheimer's DZ, and cannot be left unattended due to wandering behavior + poor cognition
