Plan Note:

Plan Note Status:Finalized

Continue the same treatment plan as previous. Reviewed and continue with current medication. Medication adherence education was given to the patient. Patient was educated on benefits of low salt, low fat, low cholesterol diet with current medical issues. Patient encouraged continuing weight loss efforts via daily exercise and certain food restrictions. No labs needed at this time. The patient verbalized understanding of the above plan, and was given the office number to call for any questions or concern. Discussed the treatment plan with the patient and family. Prognosis is fair and patient is stable.

1. Osteoarthritis/rheumatoid arthritis with chronic pain, continue current plan.
2. Hypertension, continue current plan.
3. Neuropathy, continue current plan.
4. Chronic pain syndrome, continue current pain medication.
5. Constipation, continue current plan.
6. Abnormal gait, continue to monitor.

No medication refills needed this visit.
